## ANOTHER BOLD BURGLARY

IWAKAMA'S STORE ENTERED AND  
LOOTED OF \$283.

Two Men Engaged in the Crime—One  
of the Burglars Supposed to be a  
Japanese—No Arrests as Yet.

Another daring burglary is report-  
ed. The store of Iwakama on  
Hotel street was entered about 2  
o'clock this morning and robbed of a  
neat little sum. The firm is out just  
\$283 in hard cash.

Two men committed the crime. The  
pair entered the premises from the  
grounds of the Mechanics' Home, by  
climbing a small building roofed with  
sheet iron. Upon this roof are the  
traces of a narrow, sharp pointed No.  
5 shoe.

The men then went to the shutter,  
which is covered with sheet iron, and  
with a sharp instrument opened a  
way to the latch, which was then  
raised and the window opened. This  
admitted the men into the store. On  
the shelf at the window was left the  
imprint of a rubber shoe, disclosing  
the existence of a second man in the  
burglary.

From this point to the office of the  
cashier is but a few steps. The bur-  
glars went there, opened the two little  
drawers in which money was kept, ab-  
stracted everything of value and left  
that which they had no use for. A  
purse in which was some trinkets was  
left undisturbed. Twenty cents in Ja-  
panese money and some spurious coin  
were also left in the drawer.

In the lot of money taken was \$20  
in Peruvian bills, which furnishes the  
police, together with the footprints  
mentioned, a slight clue to work upon.  
The remainder of the cash was in gold  
and silver coin which could not pos-  
sibly be identified.

At the time of the burglary, and in  
fact all night, two bright lights burned  
in the building and there were no  
shades over the windows. Anyone  
passing along the street in front could  
easily have seen the bold miscreants.  
About 2 o'clock in the morning a man  
in the lodging house above heard a  
noise in the store beneath his room.  
He listened for a time, but all soon  
became quiet and he dismissed his  
apprehensions from his mind.

The proprietors of the store believe  
the robbery to have been a haphaz-  
ard. Others, however, have the opin-  
ion, on account of the small shoe  
print, that at least one of the bur-  
glars was Japanese. Detective Kaapa  
suspects a certain party, but as yet  
has no evidence to work upon.

## A VISITING PRINCESS.

A Chinese Princess, who has been  
touring the world, arrived and de-  
parted by the China. She had a suite  
of rooms at the Occidental hotel while  
in Honolulu, where she was waited  
upon by a retinue of five servants. No  
one was admitted to see her. She is  
22 years of age, quite attractive and  
spent money lavishly.

## FOOT BALL.

Regiments and Townies Line Up in a  
Practice Game.

The Regiment and Town foot ball  
teams met in a practice game on the  
former's gridiron last evening, and  
for more than an hour chased the pig-  
skin up and down the green. The  
Townies secured up over a dozen men,  
but did not put their entire team in-  
to line. The Regiments played with  
their regular team, and made a good  
showing. Of course there was no ac-  
tual test of strength, so that no con-  
clusions can be drawn as to the mer-  
its of the respective teams. The same  
teams will line up again at 5 p. m. to-  
day.

## KAILUANI'S VISIT.

A close friend of the Princess Kai-  
luani, who has received a letter from  
her by the last mail, states that the  
young lady will remain but a few  
days only in Honolulu, when she will  
leave again for an extensive tour of  
Europe. She has requested in ad-  
vance that no entertainment nor any  
demonstration be arranged in her  
honor, and will decline absolutely to  
take any part in or even discuss pol-  
itics. The Princess denies any inten-  
tion of visiting or conferring with Li-  
luokalani, and, from a guarded in-  
timation, would seem to desire to give  
out the impression that she is not in  
sympathy with the ex-Queen's cause.

## JAPAN'S CHANGED POLICY

MATSUMURA SAYS OFFICIALS  
WILL BE CONCILIATORY.

Russia and Japan are Bound to Go to  
War Shortly—The Siberian Rail-  
road Regarded as a War Scheme.

S. Matsumura, manager for Ogura  
& Co., returned by the Kiojun-  
Maru, after a visit of thirty days to  
his home in the land of the chrysan-  
themum. He brings an interesting  
story of the Japanese situation. The  
Mikado's government, says Mr. Ma-  
tsumura, has abandoned its position  
with respect to Hawaii as being bad  
policy. It is desired above all things  
at present to have the friendship and  
sympathy of the United States and  
Japan has seen that to press the Ha-  
waiian matter would be to force an issue  
with America which could not at  
present be endured.

Mr. Matsumura believes that Ja-  
pan's future policy with respect to  
Hawaii will be conciliatory in the ex-  
treme. Officials and civilians concur  
in this plan. So far as the middle is  
concerned, Japan is ready to treat  
with this government on almost its  
own terms, and will ultimately con-  
sent to any fair result if it will en-  
sure amity and good feeling between  
the two countries.

"There is more than one reason for  
all this," continued Mr. Matsumura.  
"We are going to war with Russia.  
This is as certain as the sun rises and  
sets. Russia is preparing for it now.  
The Siberian railway is a war enter-  
prise, pure and simple. Japan is at  
the other end of that railroad. Rus-  
sia is oppressing us in Korea and en-  
croaching on the mainland of Asia.

"Japan has not been indifferent to  
these things. Our new warships were  
built to meet the Siberian railway fa-  
cilities of Russia and the immense  
army the Bear is ostensibly massing  
against us. Understand, however, we  
are not seeking war. Japan is be-  
ing forced into it. You know we are  
a proud nation and will not back very  
far. Russia has already pressed us  
as far back as we can go.

In view of this impending struggle  
the people of Japan desire to be at  
peace with all nations, however small  
they may be. The friendship of Ha-  
waii is esteemed highly, and behind  
that we look to the United States as  
a great power with whom cordial  
relations must be maintained at all  
reasonable hazards."

## FROM BARRIOS.

By the last mail the President re-  
ceived a letter from Jose Maria Rey-  
na Barrios, President of the Republic  
of Guatemala, informing him that by  
a decree of the Guatemala Congress,  
on August 30th, his constitutionality  
had been extended four years.

## WATER SUPPLY SHORT.

Close Call of the Good Bark Martha  
Davis.

George R. Stewart, the importer of  
hogs, came down on the bark Martha  
Davis, with a shipment of 300 "grun-  
ters," which were safely landed this  
morning. He says that the long voy-  
age came very near proving a serious  
matter, as the water supply ran short  
about a week ago. Fortunately the  
Davis has a condenser aboard, one of  
two possessed among all the trading  
packets that come to the Islands from  
the Coast. By keeping it going day  
and night, they managed to keep a  
scant water supply on hand, and the  
hogs were saved. Mr. Stewart says  
that it was a mighty close call. If the  
condenser had gotten out of order, ev-  
ery one of the hogs would have been  
slaughtered and thrown into the sea.  
By the Captive tomorrow Mr. Stewart  
will return to San Francisco.

Captain Fries says he did not get  
into the big storm, but felt the heavy  
swell for several days.

## WILL ELECT OFFICERS.

All members of the Kiloahua Art  
League are earnestly requested to at-  
tend the annual meeting, Saturday,  
at the society's rooms, corner Hotel and  
Fort streets, at 1:30 p. m. The re-  
ports of the officers and Circle com-  
mittees and other important business  
will be brought up. Cards with the  
entire program for the future year  
will be distributed and all those who  
have not a copy of the By Laws  
should avail themselves of this oppor-  
tunity to procure one.

## TRIED OUT IN 2:17.

Jim Quinn's "299 Girl" Makes a Ph-  
enomenal Showing.

Jim Quinn is elated over the fact  
that his new race horse, the "299  
Girl," was tried out at the track yester-  
day in 2:17. Mr. Quinn drove and  
two watches caught the time. The  
mare is but five years old, and it is  
believed that she will show still greater  
speed before spring. Mr. Quinn  
thinks he has the greatest horse in  
the Islands, and is already casting  
about for a good match. The "299  
Girl" has only been on the track here  
for about two months, and has been  
driven for the most part by her own-  
er. In view of the fact that 2:20 is  
considered very fast time on the local  
track, the new mare will make things  
pretty lively.

## ON COFFEE PLANTATIONS

CONSUL GENERAL HAYWOOD  
ASKS MANY QUESTIONS.

He is Preparing a Report Upon Our  
Growing Industry for the United  
States Government.

President Wight of the Wilder  
Steamship Company, United States  
Consul General Haywood and Govern-  
ment Land Commissioner Dodge re-  
turned on the Kinau today.

These gentlemen are back from a  
thorough inspection of the coffee  
fields in the Hamakua, Hilo, Olan and  
Puna districts. Consul Haywood  
comes to Honolulu to dispose of some  
consulate matters after which he and  
Mr. Dodge will visit the Kona district.

Consul General Haywood has made  
his tour for the purpose of securing  
reliable data on the coffee industry in  
the Islands for the United States gov-  
ernment. He has secured practical in-  
formation from practical men. His re-  
port to the department will be con-  
densed compilation of facts giving the  
exact conditions as they exist on the  
Island of Hawaii today.

When asked concerning his trip  
Consul Haywood declined to express  
any opinion further than he was fully  
satisfied that coffee would grow in  
the four districts he had visited.

"The regulations of the Department  
of State," continued Mr. Haywood,  
"prohibit me from making public any-  
thing that I might send for the re-  
ason that the department wishes to  
pass upon it first. My report on coffee  
will be as concise as possible, and  
will probably be published by the de-  
partment."

While Consul General Haywood has  
refrained from expressing any opinion  
he is evidently "bent" at what he has  
seen. During his tour he has obtained  
answers from about fifty coffee plan-  
ters to the following questions:

How much land do you own?  
What did you pay per acre?  
How many acres have you under  
cultivation?

What have you planted?  
What has it cost you to clear your  
land?

What has it cost you to plant your  
coffee?

What has it cost you for houses?  
What has it cost you for tools?

What has it cost you to live exclu-  
sive of clothing?

How long have you been on the  
place?  
What is the age of your oldest coffee?

How many pounds of coffee have  
you gathered each year.

What prices did you receive per  
pound?

What has it cost you for livestock?  
How much money have you invest-  
ed, including everything?

Do you employ a manager?  
What nationality of labor do you  
employ?

What wages do you pay per month?  
These questions have all been an-  
swered in every instance, and the re-  
sult will be tabulated and forwarded  
to the United States Treasury De-  
partment. Mr. Haywood has been im-  
pressed by the fertility of the soil, the  
excellence of the roads and the hospi-  
tality of the people on the Island of  
Hawaii.

Consul Haywood says that next to  
the coffee he was impressed with the  
fine roads which the government is  
building. He says that should the  
road now being built through Hamakua  
be extended around the Island it  
would become a very popular drive  
for tourists.

## A FRIENDLY SUIT.

The firm composed of A. V. Gear  
and F. L. Dorch has been dissolved  
by mutual consent. Yesterday Mr.  
Dorch began suit against Mr. Gear  
for a half interest in a certain piece  
of property, purchased a few weeks  
ago, which has been the bone of dis-  
agreement. Mr. Dorch claims a half  
interest on the ground that the land  
is, or should be, firm property; Mr.  
Gear claims to have purchased the  
land on his own personal account and  
for his own personal use. The suit  
is a friendly one.

## BICYCLE MERRY GO ROUND.

Mr. Desky Secures Another Novelty  
for Cyclomere.

C. S. Desky has secured another  
novelty for Cyclomere in the shape of a  
bicycle merry-go-round, which is now  
in course of erection at the park. The  
machine is designed especially for  
the amusement of the children, but it  
will doubtless prove a novelty to some  
of the older folks as well. The neces-  
sary machinery has already arrived  
from the coast, and will be in place  
probably by tomorrow afternoon.

The bicycle merry-go-round differs  
from the old fashioned arrangement  
in two material points. First, the  
seats for riders are bicycles instead of  
rocking horses, and second the motive  
power is supplied by the riders, and  
not by steam or horse power. Sixteen  
riders may mount at one time, and it  
depends largely upon their own ef-  
forts whether they ride fast or slow.  
Each rider is supplied with a wand,  
and as he wheels past a given point  
has a chance to strike an electric  
button. Those who are fortunate  
enough to strike the button and to  
sound the bell get another ride free  
of charge.

## ANOTHER SHIPMENT.

Another shipment of new millinery  
goods arrived by the steamer China  
for N. S. Sachs.

## PAIA'S MANAGER RESIGNS

J. W. COLVILLE RETIRES FROM  
THE PLANTATION.

Death of Charles Schneider, an Old  
Soldier of the Civil War—Postmis-  
tress for Wailuku.

Maui, Oct. 28, 1897.

Mr. J. W. Colville, manager of the  
Paia plantation, has tendered his re-  
signation to the directors of that con-  
cern, to take effect on May 1st next.  
Mr. Colville has been engaged in the  
plantation life on the Islands for 19  
years, ten of which he has served as  
manager of Paia, and now wishes to  
retire from the active work involved  
therein. He intends to take his fam-  
ily back to Scotland and settle there.

Friends of Mr. and Mrs. Colville all  
over the Islands will learn of this with  
regret, and especially those here who  
are immediately associated with them.  
In him the Paia Plantation Company  
will lose a most efficient manager.

Mr. Charles A. Schneider, the tan-  
ner of Paumotu, Maui, died suddenly  
of heart disease at his home on Mon-  
day morning last, about 10 o'clock.  
He was in his tannery at work, and  
had remarked to his helper that he  
felt unusually well, when he fell over  
and expired in a few moments. The  
funeral occurred at his own house, on  
Tuesday morning at 10 o'clock. Dr. E.  
G. Beckwith officiating, and he was  
buried in a plot in the yard. Mr.  
Schneider was well known through-  
out the Island, and was noted for his  
uprightness and honesty. He was  
born in Germany 65 years ago, fought  
through the civil war in the United  
States on the Union side, and had re-  
sided in the Islands some twenty  
years. He leaves a sister and brother  
in San Francisco.

Mrs. C. H. Dickey entertained six-  
teen young people at a progressive  
forty-five party on Tuesday evening,  
at Haiku. After the game refresh-  
ments of sherbert and cake were serv-  
ed, and a delightful evening is re-  
ported.

Ab Sing, the Chinese minister here,  
holds services once a month in Kula,  
in the Kamaola white church, and he  
appears to be doing good work. Last  
Sunday evening he had a congrega-  
tion of forty Chinese, and three na-  
tives, he preaching in both Chinese  
and Hawaiian.

The appointment of W. A. McKay  
as District Magistrate in Wailuku,  
created some surprise here, though it  
is generally approved of. Now it is  
who will be the next postmaster, al-  
though there is a report that it may  
be a postmistress, Mrs. W. A. McKay  
being mentioned.

## GET HEAVY FINES.

Three che fa handlers occupied the  
attention of the District Magistrate  
all forenoon. On account of the prom-  
inence of the parties the cases created  
a ripple of interest in police circles.  
After a hard fight on both sides all  
of the men were adjudged guilty  
as charged and were sentenced to pay  
fines in the following sums: Pu-on,  
\$50; Kaba Alapai, \$70; Paalulu, \$80.

## ANOTHER MUSICIAN.

Mr. Lambert, a musician of Ohio,  
has arrived in the city and taken up  
his headquarters in the cottage occu-  
pied by Prof. Yarnley. From all ac-  
counts he is an expert pianist and or-  
ganist, and a musical genius, who will  
likely infuse new life into that circle.  
It is of interest to know that he hails  
from the home town of Miss Clymer,  
who has made a notable success as a  
music teacher in the Kamehameha  
Girls' school.

## RESISTING TEMPTATION.

Balzac, the great French writer, used  
to say: "I can resist everything  
excepting temptation." In these mod-  
ern times of ours we naturally infer  
that he was thinking of bicycle riding.  
New wheels for rent by the hour, day,  
week or month. Pacific Cycle and  
Manufacturing Company, Ehlers  
Building. Telephone 325.
